## Document Body

Dan,

Huh. Well at any rate, Hickam Communities just sent me a set of revised documents, in response to my 5/25/2012 review letter. Barring unforeseen issues, this set will probably be the final, approved versions.

Let's try again – I'll repeat the access info.

URL: <http://dohcolab.doh.hawaii.gov/sites/ftpeha/Shared%20Documents/Forms/AllItems.aspx?RootFolder=%2fsites%2fftpeha%2fShared%20Documents%2fHEER%2fHickam%20Communities%20LLC&View=%7b650C4FE9-D368-4FE4-A827-D5C4CD4AA67E%7d>

(this URL is for one level up from the previous URL)

User name: eha (if there is anything else in the “user name” input box, clear it and just use “eha”)

Password: aloha

If this still isn’t working for you, call me and I’ll walk you through it. Or if need be, I can chunk the PDFs into emailable pieces to send to you.

Today’s new documents are in a folder titled “Remedial Documents (June 1, 2012)”. I’m currently processing them and am planning to get a review letter on them out to Hickam Communities by COB today.

Please call me if you have any questions or concerns.

Thanks,

No, I cannot access the site. From the URL, I put in the password and user name but get an "unauthorized user" reply.

Dan,

You mean that you can't download the files from our server? Or that you've downloaded the files, and you can't open them?

Eric,  
I attempted to look at the Hickam documents for Eugenia but keep getting an "unauthorized user" message. Am I doing everything correctly? Has anything changed? Any assistance would be appreciated.

Dan

Eugenia,

Sure thing. I'll upload them to our EHA File Transfer Site in a few minutes and send you an email with instructions for downloading them.

hi Fenix and Eric,

Would it be possible to get a copies of the risk assessments for hickam? It looks like there are several reports supporting the cleanup numbers for each removal action and for the remedial action ( 2006 HHRA, 1020 APRA 3, 2010 APRA 2, 2010 APRA 1, 2011 HHRE, 2012 EHE).

EPA would like to review the reports so that we able to answer potential questions from the community as well as address concerns raised by our IG.

If you could send them via email or put them in a share file that would be great.

mahalo,  
Eugenia
